ALLENDALE COMPANY ADDS ONE MORE EXPERIENCED OIL MAN TO THEIR FORCE.

Mr. Hawley first entered the oil game in Vincennes and Indianapolis, Ind., where he was connected with several large companies in those cities. He was connected with the Public Production Company of Vincennes and the Foundation Oil Company of Indianapolis. In addition to the above named companies, Mr. Hawley has also been connected with the Alberta Crown Oil Company of Calgary, Alberta, Canada.

The officers of the Allendale Oil Company have shown from the start their knowledge of the oil business. Mr. A. B. Dale, President; Mr. E. Z. Allen, Vice-President, and Mr. L. D. Stephens were all formerly connected with the Texas-Oklahoma Drilling and Development Company. This organization has had singular success operating in the Texas oil fields.

The policy of the Allendale Company in surrounding themselves with only experienced men with an established reputation in the oil fields bids fair for a very successful career. Some of the oil companies organized in the Texas Oil Fields in the last year have depended on the old and reliable luck to put them in the paying class. And as Dame luck generally responds a few have enjoyed wonderful returns. The Allendale Company are building from the bottom up, laying the foundation of a sound business in the men behind every move. Each man is particularly well fitted for his own department.

The standing of these men in oil circles was well shown recently. A block of 250,000 shares at a dollar par was over half taken up by people who knew of the officers of this company through their connection with other successful enterprises. The policy of operation of this Company in that they will not only drill wells on their valuable holdings, but they own their own string of tools and will wells on contract where their payment is as great in bringing in that greatest of disappointment (A DUSTER) as it is in bringing in a Gusher. This is just one of the methods used as an anchor to windward to protect themselves against disappointments and mishaps that any good business man expects.

COUNCIL OF JEWISH WOMEN

The National Board of the Council of Jewish Women at its annual meeting recently held in Nashville, Tenn., passed among others, the following resolutions:

1. Whereas the Federal Government at Washington has undertaken a campaign to inculcate the practice of thrift among our people, and

Whereas the Federal government has asked the Council of Jewish Women to use the machine of its Sections to spread its propaganda,

Therefore Be It Resolved, that the Council, through its Sections take up this work and prosecute it under the direction of the officers of the Federal Government in charge of the work.

2. Whereas the George Washington Memorial Association has been authorized by Congress to raise money with which to erect a building on a site granted by Congress, and

Whereas this Memorial Building will be erected as a tribute to the men who fought in the European War, and

Whereas the building will fill a long felt want in our National Capital,

Therefore Be It Resolved that the Council of Jewish Women through its Board of Managers, now in annual session, endorse the movement.

3. Whereas the "Church" and "Synagogue" mural panels, recently placed in the Boston Library, grossly misrepresent the Synagogue and convey a false impression of the Jew and Jewish traditions, and

Whereas the Boston Library is a public institution supported by taxation, part of which is borne by Jews, and

Whereas the Boston Library is visited by thousands of people, and

Whereas the panel on the "Synagogue" is offensive because it is unfair to a large number of Jewish visitors who form a part of this visiting public, and

Whereas it is against the spirit of these particular times and against the spirit of America at all times to foster anything which can encourage discrimination against any part of its citizenship.

Therefore Be It Resolved that the Council of Jewish Women in meeting assembled, representing many thousands of women from all parts of this country, protests against the exhibition of the above panels in the Public Library of Boston, and requests the removal of said panels, and

Be It Further Resolved that a copy of these Resolutions be spread upon the minutes and that copies be sent to the Head Librarian of the Boston Library, to the Mayor of Boston, and Governor Coolidge, of Massachusetts, and

Be It Further Resolved that the Council take action through its President and Board of Directors to throw its influence and its energy toward bringing about a consummation of the above resolution.
